

2024 - 2026 GFWC-NC President's Special Project

The 2024-2026 GFWC of North Carolina President's Project will highlight the importance and value of the Fine Arts in schools, in therapy, in everyday life, and in our communities to promote cohesion and inclusiveness. The Arts are used to communicate ideas. They are a tool for self-expression, a form of therapy, and they shine a light on the meaning of life.

Membership and Leadership will continue to be a focus for GFWC and GFWC of North Carolina. They go hand in hand. Confident and competent leaders attract members, and members are our future!

Our focus is Arts, Hearts, and Minds. So, we encourage you to...
